

CCAD Azimuth

VISION

Provide our Nation the best value solution for modification, repair, and overhaul of rotary wing components and aircraft; posture the depot to meet our Nation's future requirements in peacetime and at war.

ARMY VALUES

Loyalty - Bear true faith and allegiance to the U.S. Constitution, the Army, our customers, and each other.

Duty - Fulfill your obligations. Do not take shortcuts that undermine the integrity of product quality.

Respect - Sustain a workplace environment that fosters dignity and respect throughout the workforce.

Selfless Service - Put the welfare of our country, the Army, and your subordinates before your own.

Honor - Live up to the Army values – carrying out, acting, and living the values of respect, duty, loyalty, selfless service, integrity, and personal courage in everything you do.

Integrity - Do what's right – legally, morally, and ethically.

Personal Courage – Always face fear and adversity – choose to do the right thing.

STRATEGIC IMPERATIVES

Industrial and Aviation Safety – Quality and Schedule Conformance – Program Management and Cost

MISSION

Return rotary wing aircraft and components to the Department of Defense and other government organizations with uncompromising quality, on schedule, at the lowest possible cost.

Assess, evaluate, and repair forward-deployed aircraft and components worldwide. Provide permanent on-site depot capacity to the U.S. Army Aviation Center of Excellence at Fort Rucker.

Support the Army's accident investigation processes worldwide with material expertise and laboratory analysis.

Support Active, Reserve, and National Guard aviation maintenance skill development with hands-on training at the depot.

END STATE

Customers satisfied - demands met on time. Zero accident-related loss of life, limb, or eyesight with all VPP/OSHA safety standards met. Depot is prepared to meet current and future demands.
